

MAJOR TRANSFER MAP MTM

Program Description

The Major Transfer Map (MTM) is a course plan for a 90 credit associates degree to help students transfer in a specific major. A MTM allows a student to transfer credits from an Oregon community college to an Oregon public university and is available if the participating institutions offer programs in the MTM subject area. When complete with a MTM and meeting public university admissions requirements, students are guaranteed transfer to the participating Oregon four-year public university with junior standing, and coursework will count toward a bachelor's degree in that specific major.

Program Outcomes

1. Communicate clearly and purposefully, adapting to the needs and expectations of different audiences and contexts.
2. Use quantitative and qualitative methods to analyze data, draw reliable inferences, and form well-supported conclusions.
3. Identify and critically analyze diverse cultural, artistic, and societal expressions, understanding their significance and impact within broader social contexts.
4. Apply principles of scientific reasoning to understand and address complex natural and social phenomena.
5. Analyze and engage with issues related to identity, power, privilege, and difference to promote diversity, inclusion, and equity in various settings.
